

The Four Corners Connection

FALL 2022

OCTOBER 1

The leaves are beginning to turn in the higher elevations in the region as the license plates are changing in the southwest!

Please take the time to read this latest Connection. You'll find new info on rallies, news from members as well as welcoming new members! Maybe you've met them at a rally or back in Maine at International!

As many of you have seen, registration for the past seasons' rallies has been effortless. Through the online options, you can pay by debit or credit and your information is in real time, so you are done in 5 minutes flat!

Your executive board along with Leon, your Webmaster Extraordinaire, and Michael, your Jotform Guru, have been working endless hours to make the process as streamlined and as simple as possible. This is not just for member registration but also for HOSTING!

Additionally, with online administration, the hosts have everything at their fingertips! Emails with each registrant going directly to the host as well as

access to online reports and spreadsheets. Hosts are in constant contact with the team so everything is "smooth sailing" or rather, "smooth camping"!

A big thank you to this summer's hosts for helping get the kinks out and paving the way.

Looking forward to great rallies in Ruidoso, Tucson and Picacho!

Safe travels to all!

## **Change of plans??**

We all know how difficult it is these days to secure camping sites  
in our favorite parks. When a site becomes available, it's  
snapped up in minutes...seconds, really!

So, when rally sites are reserved for the Four Corners Unit, those  
sites become as valuable as gold!

Should you need to cancel your reservation for a rally, please **first**  
get in touch with your hosts! Most likely, there is a long waiting  
list of fellow members waiting for the opportunity to attend the  
rally. Remember, it might be their first rally they attend!

Please help prevent "no shows" as well. If your plans change -  
call/text your host ASAP!!! (Emails may not reach them in time).  
Again, our campsites are precious commodities these days.

**Pillowcases at Picacho!**

**Four Corners Unit  
Annual Service Project Sew-a-Thon**  
-----

After 7 years of making quilt tops during our monumental New Year's Rally at Picacho Peak in Arizona, we will be changing things up a bit!

This year, we will be making pillowcases for the wonderful organization Ryan's CASE FOR SMILES! This established and well-respected organization focuses on children with childhood cancer "feel better to heal better" during their

3. Next, Place the Accent Fabric on top of the Main Fabric, aligning the raw edges at the top.
4. Bring the bottom of the Cuff fabric up and over the roll. Match the raw edge at the top. Pin all the layers together across the top. There should be 5 layers.
5. Stitch all layers with 1/4" seam.
6. Pull the body of the pillowcase out of the Cuff. Press Accent Fabric away from the cuff.
- \*7. Fold the pillowcase in half lengthwise WRONG sides together. Stitch down the side and along the bottom using a scant (smaller than) 1/4" seam.
8. Turn the pillowcase Wrong side out. Press seam allowance flat. Sew a 1/4" seam down the long side and across the bottom to enclose the seam previously sewn.
9. Turn RIGHT side out and the pillowcase is complete.

\*NOTE: If not using French seams, simply complete the pillowcase by folding the pillowcase RIGHT sides together and seam with a serger or a finishing stitch such as a straight stitch followed by a zigzag stitch to seal the raw edges.

*There are many videos online showing this "burrito method". Take a look!*
