

MOAB 3

4CU Rally May 2019 Utah's Beautiful Red Rock Country

The Moab3 Rally is ready to “rock” again!!

Arrive Monday, May 6 2018 and Depart Friday, May 10 in beautiful Moab, Utah - Red Rock Country!

The Moab3 Rally will be held at the ACT Campground, 1536 S Mill Creek Road, Moab, UT (US 191 and Mill Creek Road, about 3 miles south of downtown Moab).

We've booked all 20 of ACT Campground's RV sites. **This rally fills very, very quickly!** This means that if you want a space, submit your registration info and fees **ASAP!!**

Spots are on a first-come first-served basis when registration materials are received. After the 20 rigs, there will be a wait list where everyone will be continually informed of their status. In past years, the wait list was long, but cancellations happen and many were able to join the rally.

Campground Amenities:

ACT Campground has full hookups (30 & 50 amp), Cable, Outdoor Patio with Grill, Outdoor Kitchen, Community Fire Pit, Community Kitchen with Inside Seating, Restrooms, Showers, and Coin Operated Laundry. Note: There will be other guests staying in a tent, room or yurt section of the campground, so please be prepared to share the community kitchen and common spaces.

We have negotiated a special nightly camping rate of \$49/night including taxes. These camping fees for all four rally nights (\$196/rig) will be collected in advance to make it easier for ACT and the arrival process. The campground staff will assign sites according to rig length. There are both pull-through and back-in sites. In addition to the camping fee, the Rally Fee is \$18/Adult. A total of \$232 for a couple/\$214 for solos.

Please indicate on the registration form (attached) when you plan to arrive and depart. The ACT Campground owners have graciously agreed to extend the nightly rate for any extra days you may wish to stay before or after the rally. Booking extra nights is your responsibility. Please call ACT Campground at 435-355-0355 to reserve. Email is info@actcampground.com. Be sure to let ACT know you're with the 4CU Airstream Rally group for the special rate. They will make every effort to place rigs arriving early or staying late so they do not have to move, but we cannot guarantee it. The campground urges you to book extra days before or after asap as they are booking into the Spring now.

Details of the agenda are developing day by day. We will send more information as the rally draws nearer. Below is a peak at the plan. The days are wide open because we know you'll want to take in all the natural beauty there is to see in Moab. And that's a LOT!
