4. The cut-off date for RV Park reservations is April 15, 2020. 20 rig maximum.

This is planned to be a “meetup” Rally. There will be no formal dinner arrangements or activities. There will be informal “Happy Hours”. Most of the days and evenings are filled with music in the Pavilion, so everyone can come and go as they please. A complete rally schedule will follow.

The RV parking at the festival is dry camping only, there are no services. There are 2 full service RV Parks in the area if you are so inclined. The 4CU group will all be located together within the pet friendly area. Everything will be within close walking distance. Pets will be allowed in a designated section of the camping area only, and a surcharge of \$10 for each pet will be levied upon arrival.

This valley to the east of the Sangre de Cristo range is spectacular and there are numerous day trip options to see the sites in the area. This is a hidden part of Colorado that most of us have never had the opportunity to see! Marvel at the 14 thousand ft peaks out of your Airstream door!!!! Note that the elevation is 7888 ft. so the air will be thin!

This is a WBCCI Rally. If you own an Airstream but are not a member of WBCCI ... and would like to attend this rally, please contact the rally hosts about attending as a guest on a space-available basis.
